

CHANGING YOUR PASSWORD

1. Navigate to <https://apps.wtamu.edu/pwdreset/chpass.php>
(also accessible via the change password link from the single sign on webpage)

2. Enter your WT Username
3. Enter your current password
4. Enter the new password
5. Re-enter the new password to confirm
6. Choose and answer 3 security questions
7. Click "Change Password"

A screenshot of the 'Verify Your Identity' and 'Choose a New Password' form. The form is divided into three main sections: 'VERIFY YOUR IDENTITY:', 'CHOOSE A NEW PASSWORD:', and 'SECURITY QUESTIONS:'. The 'VERIFY YOUR IDENTITY:' section has input fields for 'WT Username:' and 'Current Password:'. The 'CHOOSE A NEW PASSWORD:' section has input fields for 'New Password:', 'Confirm New Password:', and 'Password Strength:'. A 'Complexity Requirements' box lists: Uppercase letter, Lowercase letter, Numeric character, Special character, and Eight to sixteen characters. The 'SECURITY QUESTIONS:' section has three questions, each with a dropdown menu for the question and a text input field for the response. At the bottom, there is a 'Change Password' button.
