ADDITIONAL CHAT SETTINGS

Firefox on a PC:

1. **Open the Control Panel.** This can typically be found by going to the Start button, and clicking on Control Panel.

2. **Access the Java area**

3. **If you see Categories, adjust your View to Large icons**
4. Click on the Security tab

5. Click Edit Site List...

6. Click Add
7. You will be adding two (2) locations. First, type https://wtclass.wtamu.edu and click Add again.

8. Type https://wtclass-collab.wtamu.edu:8012 and click OK.
9. Click **OK**.

10. Close ALL open browser windows and return to Chat and try again.

The first time you attempt to enter the Chat room there may be a delay. Please be patient and wait for it to process.

If you receive an Unresponsive plugin message, click Continue, and wait until it finishes processing.
