

## I CANNOT SEE MY CONTENT!

Sometimes when you enter a course in WTClass, you are unable to see anything except for the main Home Page. You are unable to access the “Lessons” or other content area, nor any other area in the course such as communication tools such as “Send Email” or “Course Messages”. This is typically caused by the size of your screen and the course menu collapsing to allow for more room to access content.

Depending on your screen size you may have different ways in order to get the menu to appear:

Click on the grey or blue bar located on the left side of the browser.

Click on the button with the arrow pointing to the right.
