BLACKBOARD REQUIRES JAVA ON YOUR COMPUTER!

- Upgrade Java to the latest version for best results!
- Blackboard users need a working version of Java on the local computer for Chat and other functions in Blackboard to work.
  - For PCs, get the latest version from [http://www.java.com](http://www.java.com).
  - For Macs, get the latest version for Mac OS X.
- **Google Chrome no longer supports Java, you must use a different browser.**

You may need to allow the plugin to run.

**Mozilla Firefox**

If prompted, click the “Allow” button in upper-right corner of browser window.

If prompted, click the “Allow and Remember” button in the upper-left corner of browser.

If this prompt does not appear, click the Lego icon to the left of the address bar to open the prompt.

If prompted, click “Run.”
