Note: Instructions posted by the instructor are not visible through the Mobile Learn App through the Lessons area. They can be seen by selecting the Discussion Forums link at the main course entry page. Otherwise, please use a regular computer to access WTClass to see instructions for a discussion forum.

There are two ways that instructors and students may view discussion forums: (1) through the course menu item, and (2) within the Lessons area.

Caution: Post First and Team discussion forum do not function properly within Mobile Learn. Students and Instructors may be unable to see these types of discussion forums, be unable to post, or be unable to see existing posts. Students and instructors should use a non-mobile device (computer/laptop) for accessing a Post First or Team discussion forum.
